SET UP

1. Deal 1 set of 5 game Game Cards to each player. Each set can be distinguished by their back. Players hide their card from opponent.

3. Place 5 round markers on table to show numbered sides. (1~5).
4. Player who had a meal recently takes the First Player Card. Throughout the game, player with the First Player Card begins each turn.

GAME PLAY

1. Each player plays one of their cards face down. ㉠
2. Reveal both cards simultaneously. From the first player, they apply their card's effect. However, 'Cancel' card is played regardless of the first player's turn. ㉡ (See 'Card Effect')
3. After playing both cards, first player passes over the First Player Card to opponent.
4. Then, each player chooses two of their remaining cards and decides their order. Place those cards beside the played card(㉠) face down. ㉢

5. Reveal the first of two face down cards at same time. The first player's card applies its effect then opponent's one. After playing both cards, reveal the second card and repeat it. Then, pass over the First Player Card. ㉣
6. Repeat Step 4 and 5 with 2 remaining cards in each player's hand. Now they used all their 5 cards.
7. If there is no winner, pass over the First Player Card. Each player takes their 5 cards back into their hands.
8. Flip the round marker showing '1' to back side ('D'). Then begin the next round. Repeat from Step 1. (When finishing the second round, flip round marker '2' and so on.)

GAME END

Game will end in two ways.

1. If any player gets all 3 Food Tokens, the game ends immediately and that player wins the game!

OR

2. If there is no player who has all 3 Food Tokens at the end of the 5th round, the player with the most Food Tokens wins the game. If there is a tie, both win the game. It's happy to share the meal :)
